

OFFER WINDOW NOVEMBER 3, 2026 TO DECEMBER 19, 2026

Trade up to Meridian Pro.

Trade in a Meridian Bench and take \$1,450 off a Meridian Pro, with three months of Atlas Care Plus included.

For accounts running a Meridian Bench. Ask any Apex Instruments contact for a trade-in quote, or bring this sheet to the counter.

MERIDIAN PRO LIST	TRADE-IN CREDIT	YOU PAY
\$7,900	\$1,450	\$6,450
Meridian Bench lists at \$4,850	Applied on the order, not paid out	Before tax and shipping

3 months of Atlas Care Plus, included

Starts the day the Meridian Pro is installed. Priority support, one calibration, and parts on covered failures. It continues at **\$149 per month** from month four, and it can be cancelled before then with no fee.

How it works

- 1 Ask for a trade-in quote. Have the serial number of the Meridian Bench to hand.
- 2 Order the Meridian Pro. The credit is applied on the order.
- 3 A prepaid crate arrives. Ship the Meridian Bench inside 30 days of delivery.
- 4 Inspection takes 3 business days. Operations calls before anything is charged.

What qualifies

- A Meridian Bench that powers on, holds calibration, and has its serial plate intact.
- Owned outright by the buying account. Leased or financed units qualify once that agreement is closed.
- One credit per instrument traded. An account may trade more than one.
- Meridian Field Kit is not a qualifying trade-in.

Can I trade more than one?

Yes. One credit per instrument traded, on as many orders as you place inside the window.

What if the trade-in fails inspection?

Operations calls you first. Send a different qualifying unit within 14 days, or keep the Meridian Pro at list price.

Do I have to keep the plan?

No. Cancel Atlas Care Plus before the third month ends and there is no fee. After that it is \$149 per month.
